It is evident that class 1 (a) should be the easiest to remove and it is for it that this Scrub Eradicator has been found effective.

For class 1 (b) the Eradicator may be pumped into the joints by means of a syringe (this has been most successful at Jeppoe) and the joints should then be filled with good second cement. In a waste of the Eradicator to sprinkle it down the face of the wall with a watering can, trusting that some of the liquid will find its way into the joints affected.

For class 2 (a) and 2 (b) the best course is to remove carefully the part affected, remove the vegetation by hand, and rebuild while taking the utmost care by means of marking or photographing, if necessary, to ensure the stones being replaced in their former positions.

It has been found for this kind of vegetation that a very large quantity of Eradicator is required which has to be applied at intervals and moreover the vegetation is not permanently destroyed. The Eradicator, if applied from outside, cannot sink down to the fullest intensity of the wall, and, consequently, although the latter may be partially killed, it nevertheless re-erects itself in a different direction.

For class 2 (b), if the vegetation has reached the size of small trees, as is often the case, the following methods of applying the Scrub Eradicator have been tried:

(1) 'Ringing' the trees and applying the Eradicator all round so that the circumference of the top may be checked.

(2) Drilling holes in the stumps of the trees (their tops having been previously cut off) and pouring in the Eradicator.

(3) Boring holes at the base of the trees and pouring in the Eradicator. In the Railway division basins were killed by making a hole in the route about 2" in length and introducing the Eradicator into the dirt in a judicious line. But this mode in this case was on the surface of the wall. Officers require assistance as to its sufficiency for killing strong vegetation.

Summary.

The use of Eradicator must be largely left to the discretion of the local officers. It is certain that a waste of time and money is not to be made, but it may be possible elsewhere to discontinue partially the masonry and then to use the Eradicator. It is to be attempted to kill the vegetation before the further extension of the masonry. These should be effectively roped or staked. In cases, however, where masonry has been made to bridge overgrown by vegetation there is nothing to be done but to take down the part affected and to rebuild it after the removal of the growth. After vegetation has been removed from a ruin or a vertical position, the joints should be filled with good cement to within 4" of the face of the masonry. A good plan after removing vegetation from the tops of walls, domes, or other places terrible from before is to fill the cavities which are left with broken brick, which may be dashed with some gravel before hardening.

It would seem desirable, therefore, from a study of the opinions which have been expressed in the matter, that the Eradicator should be used extensively and only for smaller vegetation which comes under class 1 (a) and 1 (b). The checking of the growth of the latter in its earliest stage, especially of the pipal and banana seedlings, cannot be too strongly urged. Frequent inspections of buildings to watch for vegetation there are absolutely essential.

MADRAS PORT TRUST.

REPORT ON THE AUDIT ACCOUNTS OF THE PORT TRUST,
MADRAS, FOR THE YEAR ENDING 31st MARCH 1911.

PORT ST. GEORGE,
ACCOUNTANT-GENERAL'S OFFICE,
1st September 1911.

No. G.A. 14-5368.

FROM

A. NEWMARCH, Esq.,
(Offg. Accountant-General, Madras)

AND,

M.R. Hy. W. NAMBERUMAL CHETTI GARD,
(Offg. Chief Superintendent in charge of Outside Audit)
Auditors of the Madras Port Trust Accounts.

TO

THE TRUSTEES OF THE PORT OF MADRAS.

CONCLUSION,

We have the honour to report that the audit of the Revenue and Miscellaneous Accounts of the Madras Port Trust for the year 1910-1911 has been completed.

2. The statements noted on the margin attached to the Board's Administration Report for 1910-1911 have been signed

- (a) Comparative statement of Revenue receipts and charges.
- (b) Statement of capital, interest and debt.
- (c) Balance statement of the Trust's Miscellaneous accounts.
- (d) Comparative statement of receipts and charges of the Madras Pilgrimage Fund Account.

Report for 1910-1911 have been signed by the Auditors. The statements showing in detail the transactions of the Deposit Account, Provident Fund, the Disabled Seamen's Fund and the Blind Seamen's Home Charity Account are now appended, marked A, B, C and D.

IL-207-1

3. An account for 1910-1911 showing the receipts and disbursements with the opening and closing balances of the Trust's Capital Account and the progressive figures relating to capital expenditure since its commencement is also appended, marked E.

4. The large balance under Extension Capital with the Chief Engineer on the 31st March 1911, viz., Rs. 3,42,437-7-0 as shown in his account for March 1911 included a sum of Rs. 1,40,000 drawn in March 1911 from Loan Funds presumably with a view to prevent the sanction from lapsing.

5. During the year under report the free grant of Rs. 5 lakhs sanctioned in G.O. No. 133 M., dated 12th April 1910, was received by the Trust and credited to "(iii) Grants from Government" under "VII. Capital", in order to enable Revenue to provide for its contribution works. In addition to the above free grant, the Trust drew from Government during the year for the same purpose the balance of Rs. 8 lakhs remaining undrawn out of the 7-lakh loan sanctioned in G.O. No. 417, Ponnasali, dated 7th September 1903. Notwithstanding these heavy receipts from Government, Revenue paid for its contribution works only Rs. 8,03,608 during 1910-1911, leaving to itself a balance of Rs. 3,13,245-2-4 on 31st March 1911. In other words, Revenue contributed only Rs. 1,36,000 during the year for works from its own funds. The borrowing of Rs. 3 lakhs in March 1911 seems to have been intended apparently to prevent the lapse of budget provision.

6. The statement of receipts and charges of the Indian Salaries' Home Choultry Account for the year under review shows a closing cash balance of Rs. 4,032-3-5. This amount indicates the year's surplus, viz., Rs. 1,814-8-10, which under orders of the Madras High Court should have been paid to the Friends-in-need Society, Madras, before the end of the year. This was, however, done in April 1911.

We have the honor to be,
Gentlemen,
Your most obedient servants,

A. NEWMARCH,
Offy. Assistant-General.

V. NAMBERCHAL,
Offy. Chief Superintendent in charge of Outside Audit.

The station of the Barometer is twenty-five feet above the level of the sea, and the station of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 11.54 inches, the average for the same period being 10.40 inches.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

Bills introduced in the Council of the Governor General of India for making Laws and Regulations, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 12th September 1911:—

RE No. 16 of 1911.

A Bill to modify certain provisions of the Calcutta Improvement Act, 1911.

WHEREAS it is expedient to modify the provisions of the Calcutta Improvement Act, 1911, so as to provide in certain cases for an appeal to the High Court from the awards of the Tribunal constituted under that Act; and it is hereby enacted as follows:—

Enactment.

1. This Act may be called the Calcutta Improvement (Appeals) Act, 1911.

Enactment.

2. In this Act—

(1) "Court" means the High Court of Judicature at Fort William in Bengal; and

(2) "Tribunal" has the same meaning as in the Calcutta Improvement Act, 1911.

Appeal from award of the Tribunal.

3. (1) Notwithstanding anything contained in the Calcutta Improvement Act, 1911, an appeal shall lie to the Court in any of the following cases, to-wit:—

(a) where the decision is that of the President of the Tribunal sitting alone in pursuance of clause (1) of section 77 of the said Act;

(b) where the decision is that of the Tribunal, and

(c) the President of the Tribunal grants a certificate that the case is a fit case for appeal; or

(d) the Court grants special leave to appeal.

Provided that the Court shall not grant such special leave unless the President has refused to grant a certificate under sub-clause (c) and the amount in dispute is five thousand rupees or upwards.

(C) An appeal under clause (b) of sub-section (1) shall only lie on the following grounds namely—

- (i) the decree being contrary to law or to some usage having the force of law;
- (ii) the decree having failed to determine some material issue of law or usage having the force of law;
- (iii) a substantial error or defect in the procedure provided by the said Act which may possibly have produced error or delay in the decision of the case upon the merits.

Procedure in such appeals. 4. Subject to the provisions of section 3, the provisions of the Code of Civil Procedure, 1908, with respect to appeals from original decrees shall, so far as may be, apply to appeals under this Act. V of 1909

Transfer of orders of Court. 5. The Chief Judge of the Court of Small Causes of Calcutta shall, on application, exercise any order passed by the Court on appeal as if it was a decree made by himself.

[See XIV of 1904, s. 8.] Period of limitation for such appeals. 6. An appeal under section 3 shall be deemed to be an appeal under the Code of Civil Procedure, 1908, within the meaning of No. 124 of the First Schedule to the Indian Limitation Act, 1908. V of 1909, IX of 1908.

STATEMENT OF OBJECTS AND REASONS.

The Calcutta Improvement Act, 1912, passed by the Legislative Council of the Lieutenant-Governor of Bengal, constituted a Tribunal for the purpose of performing the functions of "the Court" in reference to the compulsory acquisition of land for the Board of Trustees for the Improvement of Calcutta. The Act, as then introduced in the Council of the Lieutenant-Governor in the form of a Bill, contained clauses providing for appeals to the High Court from awards of the Tribunal. It being intended that those clauses should be substituted by an Act of the Legislative Council of the Governor-General on the basis of Act XIV of 1904, which wholly repealed and re-enacted an appeal clause in the City of Bombay Improvement Act, 1894 (Bombay Act IV of 1894). This Act was passed in consequence of the decision of the High Court of Bombay in the case of *Mori Pandurang v. Secretary of Works for India in Council* (11 L.R. 27 Bom. 474). While the Calcutta Improvement Bill was under the consideration of the Bengal Council it was felt that it would be more advisable for the Legislative Council of the Governor-General to deal exclusively with the question of appeals to the High Court rather than for the local Legislature to enact clauses to be afterwards confirmed by the supreme Legislature. Accordingly the appeal clauses were struck out of the Bill, and the present Bill has been prepared to take their place.

2. Clause 3 of the Bill declares the cases in which an appeal shall lie to the High Court. These are—

- (a) cases in which the President of the Tribunal determines the persons to whom compensation is payable, or the apportionment of compensation, in the absence of the assessors, who, with him, or otherwise the Tribunal;
- (b) cases in which the President of the Tribunal grants a certificate authorising an appeal, and
- (c) where the High Court grants special leave to appeal in any case in which the assessor in dispute is Rs. 5,000 and upwards, and the President returns a certificate.

Clause 3 (a) limits all appeals from the said Tribunal to grounds of law as in section 130 of the Code of Civil Procedure, 1908.

3. Clauses 4, 5 and 6 of the Bill contain provisions, based on those in Act XIV of 1904, providing for procedure, execution and limitation.

The 20th September 1912.

PRESENT:

His Excellency **Major HARRISON** of Farnham, P.O., C.O.A., G.O.M.S., S.A.P.S., S.M.I., S.M.L., Vice-Chief and Governor General of India, presiding, and 24 Members, of whom 18 were Additional Members.

OATH OF OFFICE.

The following Additional Members, before taking their seats, made the prescribed oath of their allegiance to the Crown:—

The Hon'ble Mr. A. Karsaria.

The Hon'ble Mr. W. E. Cooper, Esq.

The Hon'ble Mr. Jevons laid on the table statements:—

- (1) showing for each Province, year by year, the strength of the Criminal Investigation Department—officers and men—and the cost since the Department was constituted, which were asked for by the Hon'ble Mr. Gubbins at the meeting held on the 10th January last;
- (2) showing the expenditure on political, civil and criminal, in the Provinces of Bengal, Assam, Bombay and the Punjab, which was asked for by the Hon'ble Mr. Bhagendra-nath Sanyal at the meeting held on the 10th March last.

QUESTION AND ANSWER.

The Hon'ble Mr. Mather asked:—

"Will the Government be pleased to say whether, when the number of administrative appointments in the Postal Department was last raised from eight to twelve, the number of such appointments for which departmental officers were eligible was also proportionately raised, and whether departmental officers of good character with efficient service records did actually obtain, have secured promotion to administrative rank in preference to civilians?"

The Hon'ble Mr. Clerk replied:—

"It was decided in 1895, on the recommendation of the Public Service Commission, that three of the administrative appointments in the Post Office of India should exclusively be filled by departmental officers. The total number of such appointments was then seven and is now eleven—the Director General and 10 Postmaster General (including two Deputy Directors-General).

"No change has been made in the minimum number of appointments to be held by suitable departmental officers. The number, however, is not limited to three, and in practice this minimum has nearly always been exceeded. At the present time four out of the eleven appointments mentioned above are held by departmental officers."

INDIAN CHRISTIAN MARRIAGE (AMENDMENT) BILL.

The Hon'ble Mr. Butler: "I beg leave to introduce the Bill further to amend the Indian Christian Marriage Act, 1872. The Bill is entirely framed in character, and provides for facilitating the transmission and disposal of stamp duty under the present Indian Christian Marriage Act. It has already been published, and I propose, with Your Lordship's permission, to ask Council at the next meeting to take it into consideration and pass it into law."

The motion was put and agreed to.

COURT-FEES (AMENDMENT) BILL.

The Hon'ble Mr. Jevons: "My Lord, I introduce the Bill further to amend the Court-fees Act, 1870. The purport of the Bill may be explained in a very few words. At present, when parties to litigation come to obtain copies of documents from Court Clerks which are to be sent to them by post, the exact cost of the postage has to be ascertained, and that leads to some correspondence, delay and also to a certain amount of trouble in keeping accounts of small and broken sums. It is now proposed that in all such cases a uniform fee of twelve annas shall be charged. That fee has been calculated on the average cost which has been incurred in a great number of cases. The result will be that some people will pay an anna or two more than the actual cost of the postage; others will pay a few annas less; but the general result will be that less trouble will be caused, and there will be, upon the whole, a great increase of convenience to the parties."

The motion was put and agreed to.

INDIAN FOREST (AMENDMENT) BILL.

The Hon'ble Mr. Macdonald: "My Lord, I beg to introduce a Bill for the amendment of the Indian Forest Act, 1878. The main object of the Bill is to allow Local Governments to carry out certain functions under the Act without having to obtain the previous sanction of the Government of India. The Bill is in general accord with the established wishes of Local Governments, and it was published last month in the Gazette of India. I propose to bring it forward again at a later meeting, so that it may be taken into consideration and passed by the Council."

The motion was put and agreed to.
